In connection with the Offering, certain arm's length parties may receive (i) a cash fee finder's payment equal to 6% of the gross proceeds of the Units that are sold to subscribers introduced by such parties, and (ii) warrants (the "**Finder's Warrants**") to purchase that number of common shares of the Company equal to 6% of the Units that are sold to subscribers introduced by such parties, with the Finder's Warrants having the same terms as the Warrants. The finder's fee payment and the Finder's Warrants are subject to the approval of, and will be issued in accordance with, the rules of the TSX Venture Exchange ("**TSX-V**").

The securities to be issued under this Offering will be offered by way of private placement in the provinces of Ontario and British Columbia and such other provinces of Canada and other jurisdictions outside of Canada as may be determined by the Company, in each case, pursuant to applicable exemptions from the prospectus requirements under applicable securities laws. Closing of the Offering is anticipated to occur on or about May 9, 2014, and is subject to receipt of all required regulatory approvals including the approval of the TSXV. Securities issued under the Offering, including those issued to finders, will be subject to a four month hold period which will expire four months and one day from the date of closing of the Offering.

The proceeds from the Offering will be used to continue exploration on the Company's Las Minas project, Vera Cruz State, Mexico and for general working capital purposes.
